

THE CITY OF SAN DIEGO

July 12, 2010

The San Diego Fire Rescue Foundation (Foundation) is a 501 (c) (3) public charity whose generous donors are making a tremendous difference to the San Diego Fire-Rescue Department (SDFD) and the lifesaving services we provide to our citizens.

Since its inception in 2006, the Foundation has responsibly raised funds and provided invaluable resources to SDFD. To date, those funds have been used to enhance the delivery of emergency and medical services provided to our community.

As Fire Chief, I am proud to lead a skilled team of dedicated men and women -- firefighters, lifeguards and emergency medical personnel -- who risk their lives daily to protect the citizens of the 8th largest city in our nation. I also highly regard SDFD's mission and responsibility to protect lives, property and the environment through skilled fire suppression, rescue, disaster preparedness, fire prevention and community education, medical care and hazardous material mitigation.

The Foundation, with your charitable support, will be able to further assist us in securing much needed supplies, tools and equipment and pursue invaluable safety training for SDFD personnel which otherwise might not be available to us. These improvements will in turn, benefit our community.

On behalf of the entire SDFD and San Diego Fire Rescue Foundation Board, thank you for any consideration you might give us in your charitable giving.

Sincerely,

Javier Mainar
Fire Chief
